Pipe and Profile EXTRUSION

The global digital magazine and apps for pipe and profile producers

Pipe and Profile Extrusion is the monthly magazine written exclusively for producers of plastics pipes, tubes and profiles around the globe. It is accessed by thousands of readers every month free-of-charge online, on tablets, smartphones, and via our free apps for the iPad, iPhone and Android devices.

Pipe and Profile Extrusion delivers relevant and up-to-date information on the most important technical developments, market trends, business news, product innovations and legislative announcements. And, unlike other general plastics magazines, it is 100% focused on the specific information needs of developers, manufacturers and users of plastics pipes and profiles.

Published by our expert editorial team at AMI - the leading provider of databases, market intelligence and conferences for the global plastics processing industries - *Pipe and Profile Extrusion* benefits from access to our detailed databases of senior decision makers at plastics pipe and profile manufacturing sites across Europe, the Americas, Asia and the Middle East. These global databases include key purchasers of extrusion lines, downstream and ancillary equipment, polymers and additives, and all the related services for the pipe and profile industry.

Looking to access this market? Our advertisements are very competitively priced and include links directly to your website. If you are selling machinery, ancillary equipment, materials, additives or services to the plastics pipe and profile industry, then *Pipe and Profile Extrusion* is the vehicle to promote your business globally.

Pipe and Profile Extrusion offers:

- ✓ Comprehensive global coverage
- ✓ 100% focused on pipe and profile
- ✓ In-depth market knowledge
- ✓ Free access online and via apps
- ✓ Highly competitive advertisement rates
- ✓ Live weblinks from all advertisements
- ✓ App viewable without internet connection

Digital magazines for the digital age: online; on tablets; on smart phones

We lead the way with electronic magazines for the plastics industry

Email circulation: 22,241

App downloads: 10,788

Twitter followers: 18,525

Pipe and Profile Extrusion is a digital magazine for the digital age. It is available free-of-charge online using a standard internet browser and can also be read on the iPad, iPhone and Android-based devices using our free apps or HTML5 browser.

The **online edition** is hosted on the Yudu platform for digital magazines, which means there is no need for readers to download special software or large files. Subscribers are notified of each new edition by email and a simple click of a weblink takes them to the latest magazine. Our user-friendly interface allows them to browse and read the magazine just like a printed product, but with the additional benefits of online delivery and digital interactivity. Readers can easily forward links to articles, allowing them to share *Pipe and Profile Extrusion's* valuable content with colleagues, suppliers and customers. And they can

download the magazine as a PDF for storage and printing.

The *Pipe and Profile Extrusion* apps for the **iPad, iPhone** and **Android** devices are proving very popular with readers around the world. The dedicated apps have been downloaded more than 10,788 times since their launch in 2012, and more subscribers are signing up every day. Our apps are extending the reach of the magazine beyond its already substantial online readership, providing even more value for advertisers.

We use our @PlasticsWorld **Twitter** feed to keep our readers up to date with the latest plastics industry news and to let them know whenever we publish a new edition of *Pipe and Profile Extrusion* magazine. To date, @PlasticsWorld has attracted a global following of more than 18,525 people and is one of the most popular sources of plastics industry information on the social media site.
